### **Medical Restrictions**

(In this section 'you' refers to the jumper)

For a tandem skydive you must be at least 16 years old; for static line jumps and AFF you must be aged between 16 and 55 inclusive. For all jumps you must weigh under 15 stone with your weight in

proportion to your height. Please note some centres have lower weight limits - please contact us for details.

The principal medical restrictions for all jumps are diabetes, epilepsy, fits, recurrent blackouts, heart or lung disease, mental illness and some cases of asthma but if you are in any doubt please contact us for further information. All jumpers are required to sign a medical form before their jump declaring their fitness to take part - this will be sent to you upon receipt of this Reservation Form but is also available on request. Those under the age of 18 will need the medical form signed by a parent or guardian; anyone with medical conditions listed on form [115A](#) will need to have form [115B](#) signed by their doctor.

### **INSURANCE**

On payment to the parachute centre of the fee for the training and the jump, all jumpers are covered by the British Parachute Association Liability Insurance Policy up to £5 million for liability to Third Parties. Please note that this does not cover the jumper or their dependants for personal injury including death. All jumpers are therefore strongly recommended to take out their own insurance cover for personal accident benefits to whatever level they consider appropriate. They can do this in conjunction with their own insurance broker.
